**OVERVIEW OF  
ACTIVITIES AND RESPONSIBILITIES  
OF WVBOLD**

**2007 - 2008**

**OVERVIEW OF ACTIVITIES AND RESPONSIBILITIES  
WEST VIRGINIA BOARD OF LICENSED DIETITIANS  
2007 – 2008**

The West Virginia Legislature mandated the requirement to hold an active/valid license to practice dietetics in the State of West Virginia – West Virginia Code – Chapter 30 - Professions and Occupations – Article 35 – Board of Dietitians – commencing on July 1, 1997. The law, effective 90 days after March 9, 1996, mandated the formation of a Board as the WVBOLD. The WVBOLD is a regulatory and disciplinary body. It is the sole authority for the issuance of licenses to practice dietetics in the State of West Virginia. The purpose of the Board is to protect the public interest through its licensure and professional discipline of dietitians and to provide a professional environment that encourages the delivery of quality nutritional information and medical nutrition therapy in the State of West Virginia. The Board consists of five (5) members who are appointed by the Governor, by and with the consent of the Senate. Four of the members are experienced registered and licensed dietitians and one member is a layperson.

The WVBOLD maintains a code of ethics; establishes professional continuing education requirements and standards; establishes licensure and renewal requirements of duly qualified applicants; establishes procedures and guidelines for the suspension or revocation of a license; adopts procedural and interpretive rules in accordance with the provision of Chapter 29 of the code; adopts an official seal; renews licenses; issues interim provisional permits to duly qualified applicants; imposes and collects fees for the issuance and renewal of permits or licenses; suspends, revokes and reinstates license; conducts hearings on licensing issues and any other matter properly within the jurisdiction of the Board; utilizes available mechanisms/ methods to protect the health and well-being of the public in nutrition related issues; maintains a record of proceedings of the Board and submits a biennial report to the Governor describing activities of the Board.

**WVBOLD established:**

- Title 31 – Procedural Rule – Series 3 – Contested Case Hearing Procedure.**
- Title 31 – Legislative Rule – Series 1 – Licensure and Renewal Requirements.**
- Title 31 – Legislative Rule – Series 2 – Code of Professional Ethics.**
- Title 31 – Legislative Rule – Series 4 – Disciplinary and Complaint Procedures.**
- Title 31 – Legislative Rule – Series 5 – Continuing Professional Education Requirements**

Licensed and registered dietitians are proficient in the science of nutrition. They are required to hold degrees in nutrition, dietetics, public health or related field such as biochemistry, medicine or a nutrition specialty in family and consumer sciences issued by accredited colleges and universities. After or during their education, they must complete a supervised internship and pass a comprehensive examination administered by the Commission on Dietetic Registration. WVBOLD renews a contract each year with the Commission on Dietetic Registration as the approved standards for nutrition education. Professional education credits are required (20 each two years) throughout a career to maintain licensure (page 3, para. 5).

**The need for qualified providers of nutrition advice has become more focused within the past 20 years. As with the specialization of medicine, the science-based nutrition field has necessitated a higher understanding and communication of nutrition prescription and advice to those in need of this service. Physicians rely upon the expertise of dietitians as a critical member of the healthcare team. Dietitians specialize in medical nutrition arenas, as cardiology, oncology, pediatrics, neonatal, renal diseases, eating disorders, weight loss, gastroenterology, inborn errors of metabolism, geriatrics, sports medicine, osteoporosis' conditions, hypertensive issues, diabetes, trauma, enteral and parenteral nutrition and others. An example: Obesity is documented as a leading preceptor for diseases causing higher healthcare cost, as well as trauma to the patient and family members. As the WV Legislature moves to address these issues, dietetics will be in the forefront among the healthcare providers.**

**The RD status means that the individual possesses the skills and knowledge to translate nutrition science into practical meal planning. The individual can assist with eating disorders; work with healthcare teams to assist patients/clients to change eating plan pre-post surgery; assist in goal setting for athletic performance on various levels; prescribe and counsel patients and families with a myriad of disease entities and to assist physicians and healthcare providers in assessing a patient's needs and prescribing a nutrition therapy to best benefit the patient or client.**

**While the credential RD is significant it, unlike the credential LD, cannot be significantly regulated in the State of West Virginia. Initials following a name do not necessarily qualify an individual to provide nutrition services. Licensure and registration provide the only assurance the public has to judge that the individual is proficient in the science of nutrition.**

**Licensure in West Virginia provides the vehicle to file a complaint should anyone have reason to believe the person is not providing accurate nutrition advice or falsely claiming to be a qualified dietitian. The State of West Virginia, with licensure, can regulate the term "licensed dietitian" or "dietitian". States without licensure experience self-proclaimed persons claiming to be experts with little if any actual nutrition training or with only mail-order credentials. When an individual needs trusted, accurate, timely and practical nutrition advice, they should be able to identify the qualified professional.**

**WVBOLD utilizes the examination by the Commission on Dietetic Registration as one component to examining an applicant's qualifications, prior to issuance of a West Virginia license.**

**By law, when licensure began in 1997, the examination as a route to licensure was waived (as a one time opportunity) for those who were:**

- ◆ (a) Currently registered with CDR as a Registered Dietitian.**
- ◆ (b) BS or higher degree, with a major in human nutrition, dietetics or food systems management or equivalent and engages in the practice of dietetics or**

**nutrition three (3) of the previous ten (10) years.**

- ◆ (c) Licensed in another state with comparable requirements.**

**Exemptions include: Those marketing, distributing or providing information about food/ food materials or dietary supplements; healthcare providers - where nutrition was included in the profession's scope of practice; academic institutions; various government agencies - as Veterans' Administration or WIC - who have their own standards.**

**In 1997, 33 individuals were "Grandfathered", in accordance with waiver (b). Under the reciprocity waiver (c), one Kentucky dietitian was later granted a WV license. Many have retired from their chosen profession, i.e.: County Home Demonstration Agents or WIC Nutritionist. Some have relocated and a couple found they did not require a license in their government-based employment. Two allowed their license to expire and, after some time, applied for renewal. Those were denied, per State law as being ineligible for licensure. WVBOLD handles the "Grandfather" status renewals as a routine renewal, giving due diligence to CEU credits.**

**Licenses are issued throughout the year. Renewal applications must be postmarked June 30<sup>th</sup> of each year. It has been the practice of the WVBOLD Board Chairman to personally contact those not having complied with renewal in the last week of June or first week of July. Out-of-state dietitians often express surprise and are pleased to have this personal service.**

**WVBOLD monitors licensure compliance with continuing competence requirements of twenty (20) hours in each designated two year reporting period. A reporting of Continuing Professional Education Credits serves to ascertain the completion of the twenty hours by licensees. The applicant renewing licensure is charged with the responsibility of reporting educational activities (date, event and CEU credits) on the CEU Form accompanying the renewal application. A visual scanning is performed by the Board Chairman and Board Secretary prior to issuance of the renewed license. At the completion of the Renewal Period, a listing of all licensees required to submit the CEU credits in that given two year period is compiled. The list is, then, submitted to a Huntington-based company, with whom the WVBOLD has an agreement. 10% of the list is randomly selected to have a full audit of their CEUs. The audit is conducted by Board Member and Professional Inquiries Liaison – Betty Forbes – Director of Dietetic Education at West Virginia University.**

**WVBOLD is committed to collaboration with other healthcare related licensing agencies and organizations in West Virginia and nationally. The purpose is to identify needs and to improve public access to and information about education, licensure, practice, discipline and accountability for healthcare professionals.**

**WVBOLD developed a website and maintains a toll-free public telephone line. The telephone number is published in all telephone blue page directories in West Virginia and promotes the use of the credential "LD" as a means for the public to identify those qualified to deliver nutrition advice and counseling.**

**The American Dietetic Association and the West Virginia Dietetic Association issues press releases to West Virginia newspapers encouraging them to recognize the term “LD” and the qualified provider of nutrition information.**

**A complaint form is found on the website. Efforts are ongoing to refine the process for complaint management. While complaints are rare, numerous inquiries are received from healthcare institutions and the public with questions concerning acceptable duties of other nutrition personnel, i.e.: Certified Dietary Managers, Diet Technicians, etc. Inquiries from dietitians assist them in the assignment of duties to the same personnel.**

**The presence of the WVBOLD has increased public awareness of the services of a qualified dietitian tremendously. By the number of inquiries one can safely say that the public needs are being addressed. Nursing Homes, Personal Care Homes, Exercise Entrepreneurs and hospitals utilize the Board to determine what duties can be performed by their nutrition staff members.**

#### **OFFICERS AND RESPONSIBILITIES OF THE BOARD:**

**The Board maintains an office at 723 Kanawha Blvd., East – Room 105 – Union Building - Charleston, WV 25301.**

**In accordance with State law, open meetings are conducted. Board meetings are posted in the State Register. The agenda for each meeting accompanies each posting. Notice of each meeting and the agenda are posted on the office door. Officers are elected annually.**

**The Board Chairman is elected to preserve order and conduct all proceeding by parliamentary rules and insures conformity thereto by members, appoints all committees and signs required documents. The office is not staffed with an Executive Director or Secretarial Services however, the Board Chairman serves in both capacities on a continuous basis. This involves a presence at least three times a week and as inquiries or requests are received. The telephone rolls over to the Board Chairman’s home where all inquiries and request (verification of license, inquiries as to licensure requirements, inquiries from the public who are selecting a qualified dietitian and request of State agencies) are met in a timely manner. Licensed dietitians utilize this service from 7:00 am to 10:00 pm. E-mails are monitored daily. During the renewal periods the Board Chairman assumes the responsibility of obtaining the renewal applications from the State Treasurer’s Office and is in the office on a daily basis. The 2009 goal is to provide a listing of licensed dietitians on the website.**

**The Vice-Chairman also serves as the Board Treasurer. This person acts as Chairman in the absence of the Board Chairman and call special or emergency meeting of the Board by joint action with the Chairman. As Treasurer, this position maintains all financial records to be in compliance with the requirements of the State of West Virginia.**

**The Board Secretary is to maintain the database, prepare documents - as licenses and rosters, prepare and process meeting minutes and is active in the renewal process.**

**The Professional Inquiries Liaison fields questions pertaining to Continuing Education Credits, talks with the public concerning the educational route to licensure and audits the 10% chosen annually, at random for the auditing of their CEUs.**

**The Lay Member is a vital part of the WVBOLD. The person currently in this position is cognizant of the need for licensure of the profession of dietetics. He was formerly a healthcare foodservices representative of one of the largest companies in the United States and remains in the healthcare field. The person represents the citizens of the State of West Virginia in all actions of the Board. He votes on new applicants, discusses the need for changes in procedures and speaks to the public needs.**

**Board members of the WVBOLD are active participants in meetings and activities across the country on matters of licensing, professional regulation and changing healthcare as it relates to dietetic and nutrition.**

**Two members of the WVBOLD hold membership in the Association for West Virginia Boards. This enables a healthy exchange of ideas and discussions on key issues facing boards in West Virginia.**

**Board members attend the Annual Training Seminar for WV State Licensing Boards by the State Auditor's Office. They find this most helpful in the operation of the Board.**

**The Board Chairman served on the American Dietetic Association's Political Action Board 2002-2005, serving as chairman of ADAPAC 2003-2004. The Board Chairman serves as the Public Policy Coordinator for the West Virginia Dietetic Association. This group is responsible for promoting dietitians as the nutrition experts and advising the WV elected U. S. Congressional officials in such issues and concerns. In this role, the WVBOLD keeps abreast of issues surrounding not only dietetics but, the entire healthcare delivery system.**

**Four Board members are members of and some attend the annual meeting of the American Dietetic Association (FNCE), West Virginia Dietetic Association, Educational Alliance and serve on other healthcare coalition groups.**

**The WVBOLD maintains close working relationships, often making decisions that do not require formal Board actions. The Board Chairman and Vice-Chairman are in frequent contact in regards to routine Board business and for various State offices request. The Board Chairman and the Board Secretary meet at the Board Office periodically to conduct all secretarial type duties, such as issuing licenses, licensure verification and processing mail. The WVBOLD maintains close working relationships, often making decisions that do not require formal Board actions. The Board Chairman and Vice-Chairman are in frequent contact in regards to routine Board business and for various State offices request. The Board Chairman and the Board Secretary meet at the Board Office periodically to conduct all secretarial type duties, such as issuing licenses, licensure verification and processing mail. The Board Chairman has contact with the Professional Inquiries Liaison, cognizant that this individual is best qualified to assist the issues relating to the Continuing Professional Education arena and to advise inquirers who are considering the dietetic profession. The Lay Board member is a very involved individual, with contact 2-3 times weekly.

While it is not the duty or responsibility of the WVBOLD to recommend dietitians to the public, the Board receives numerous inquiries as to how to locate a qualified dietitian for nutrition or medical nutrition therapy. The inquirer is referred, according to the need, as to the nearest medical facility or dietitian(s).

All applications are voted on by ALL Board members prior to issuance of a license. This keeps Board members quite involved in the daily business of the Board. Board members act in a volunteer role for such actions. This eliminates the need for formal Board meeting during certain periods of time. Actions requiring Board votes is, again, voted on at the scheduled Board meeting. Minutes of Board meeting are posted promptly on the website by the Board Secretary.

#### Formal Complaints in 2007-2008:

None received however, dietitians continue to call the Board with questions regarding the Scope of Practice for dietitians and for pharmacists. A frequently asked question is in relationship to the acceptable duties of a Dietetic Technician. For this reason, it is included in various newsletters. Three calls were received with questions about allowable counseling in Wellness Centers. These were not formal complaints. The dietitians were encouraged to either submit a complaint if they believed the person counseling had exceeded the allowable duties – or – meet with the facility manager to apprise them of the WV Code – Chapter 30 – Professions and Occupations – Article 35. Two reported back to the Board that they had, indeed, talked with the manager/owner. As a result, counseling practices changed. Two calls were received from clients of Wellness Centers to ask if the person counseling was a qualified person. Upon verification of the name, the caller was informed that the person was not a licensed dietitian. The name of a local dietitian was given to the caller to discuss the specific questions/concerns.

#### Notes of 2007-2008:

The Board would like to express appreciation that the WV Legislature mandated an Annual Training Seminar for West Virginia State Licensing Boards by the State Auditor's Office. This has proven to be most beneficial to the "WVBOLD. This, also, allows for interaction between boards.

WV Treasurer's Office E-Government was utilized for the 2007-2008 renewals. This will continue in the 2008-2009 renewals. Several "problems" have been identified with the WV Treasurer's Office to be corrected in the next renewal process.

## **Renewal Process**

The board voted to accept all renewals as submitted.

Concerns from the board:

Some forms did not have the original date of licensure.

Some questioned that they had more than the 20 hours of ceu's. They were told to list the most recent 20.

We want to be able to maintain our own data base. We believe this may eliminate some of the mistakes.

Helen asked for permission from the Board to explore the possibility of merging office activities with another board. WVBOLD would retain their own Board. Approval was given.

## **Speech Pathology**

Frank had received a question from a Speech Pathologist concerning what she would be allowed to "teach" as far as nutrition is concerned. Frank will check the speech pathology website to review their scope of practice. If it says nothing about Medical Nutrition Therapy – he will then respond appropriately

## **Safety**

Frank received a letter from the Department of Risk discussing the requirement for safety policies and procedures as well a safety committee. It was decided that some topic of safety will be discussed at each board meeting and entered into the minutes.

### **Safety Topic for 7/9/07**

Frank reminds all board members to be extremely careful when leaving the building because of the close proximity of the Kanawha Boulevard and the sidewalk.

The Safety Policies and Procedures were unanimously approved by the board. (See attached)

West Virginia Board of Licensed Dietitians

# **Policy and Procedures: Concealed Weapons-No Tolerance**

The West Virginia Board of Licensed Dietitians strictly prohibits and does not tolerate weapons at the West Virginia Board of Licensed Dietitians' facility, their property, or at any board sponsored event.

Weapons include visible and concealed weapons, including those for which the owner has necessary permits. Weapons can include firearms, knives with blades longer than three inches, explosive material or any other objects that could be used to harass, intimidate, or injure another individual, employee, supervisor, or board member.

Workers or board members who violate this policy may be subject to disciplinary up to and including termination.

## **Reporting Procedure:**

If you have any questions, problems, or complaints regarding a violation of this policy, or discrimination in general, you must communicate your concern to a board member. If you feel uncomfortable doing so or if your board member is the source of the problem, condones the problem, or ignores the problem, report this to the attorney attached to the West Virginia Board of Licensed Dietitians in the Attorney General's Office.

If neither of these alternatives is satisfactory to you then you can direct your questions, problems, complaints or reports to Attorney General. You are not required to directly confront the person who is the source of your report, question, or complaint before notifying any of those individuals listed.

**Approved: 7/9/07**

# **West Virginia Board of Licensed Dietitians Policy and Procedures: Pregnancy Discrimination-No Tolerance**

The West Virginia Board of Licensed Dietitians prohibits, forbids, and does not tolerate discrimination against anyone on the basis of pregnancy. All employees, supervisors, board members and job applicants are guaranteed the same employment opportunities. No person, or employee, no matter his or her position has the authority, expressed, actual, apparent or implied, to discriminate against a pregnant employee or employment applicant of the West Virginia Board of Licensed Dietitians.

The West Virginia Board of Licensed Dietitians will not deny a job or remove a pregnant employee from a position because the employee is pregnant, considering pregnancy, experiencing any pregnancy related problems. All decisions regarding a pregnant employee's placement in or continuation in a job will be based on the same consideration that governs all employment decisions-the employee's ability to satisfactorily perform the essential duties of the job in question.

## **Reporting Procedure:**

If you have a pregnancy-related question, problem, or complaint, you must communicate your concern to a board member. If you feel uncomfortable doing so or if your board member is the source of the problem, condones the problem, or ignores the problem, report this to the attorney attached to the West Virginia Board of Licensed Dietitians in the Attorney General's Office.

If neither of these alternatives is satisfactory to you then you can direct your questions, problems, complaints or reports to Attorney General. You are not required to directly confront the person who is the source of your report, question, or complaint before notifying any of those individuals listed.

**Approved: 7/9/07**

# **West Virginia Board of Licensed Dietitians Policy and Procedures: Carelessness in Workplace**

The West Virginia Board of Licensed Dietitians prohibits, forbids, and does not tolerate carelessness, substandard or hazardous work practices within the facility, on its property or while conducting board business.

The West Virginia Board of Licensed Dietitians expects and demands that its employees perform their board/employment duties with care and attention to the citizen needs the safety and welfare of fellow workers and board members, and to The West Virginia Board of Licensed Dietitians quality standards and requirements. Employees/board members who are careless or negligent in performing their job duties will be subject to discipline. Carelessness or negligent behavior or actions may result in discipline up to and including immediate discharge. Employees/board members who fail to respond to The West Virginia Board of Licensed Dietitians effort to correct carelessness may be subject to discipline up to and including discharge..

## **Reporting Procedure:**

If you have any questions, problems, or complaints regarding a violation of this policy, or discrimination in general, you must communicate your concern to a board member. If you feel uncomfortable doing so or if your board member is the source of the problem, condones the problem, or ignores the problem, report this to the attorney attached to the West Virginia Board of Licensed Dietitians in the Attorney General's Office.

If neither of these alternatives is satisfactory to you then you can direct your questions, problems, complaints or reports to Attorney General. You are not required to directly confront the person who is the source of your report, question, or complaint before notifying any of those individuals listed.

**Approved: 7/9/07**

# **West Virginia Board of Licensed Dietitians Policy and Procedures: Employment-At-Will**

This (employee handbook, memorandum, statement, application, written offer of employment) is not a contract, express or implied, guaranteeing employment for any specific duration. Either you or The West Virginia Board of Licensed Dietitians chair may terminate this relationship at any time, for any reason, with or without cause or notice. No supervisor or board member of The West Virginia Board of Licensed Dietitians, other than the appointing authority, has the authority to enter into any agreement with you for employment for any specified period or make promises or commitments contrary to the foregoing. Further, any employment agreement entered into by the appointing authority shall not be enforceable unless in writing.

**Special note:** This statement should be at the beginning of your employee handbook or with appropriate employee memoranda.

Frank has completed the Risk Document and submitted it for review. He received no notice of needed corrections. The Budget Narrative has been approved.

There must be 100% Confirmation on the web by 2009.

Motion to accept Treasurer Report: Rick motioned to approve and Dee seconded.

### **Applications approved via board e-mail:**

The following dietitian have applied for licensure from 7/9/07/07 –

Marilyn Shulman	8/1/07
Mary Marshall (Provisional)	8/3/07
Catherine Vandermer	8/11/07
Erin Mace (Provisional)	8/23/07
Julie Onisk	
Meredythe Barrick	9/20/07
Melissa Webber changed to Active	10/8/07

Motion to accept New Applicants/Changes: Frank motioned to approve and Rick seconded.

### **Appointment of New Lawyer for WVBOLD**

Anthony Eates from the Attorney Generals Office.

### **Posting of Licensees to the Website**

Helen will take with Lila and send her a listing of all active and provisional dietitians.

### **Auditors Seminar**

Frank and Helen attended the Auditors Seminar held on September 26, 2007.

Discussion was held on how we may be able to increase our access to the public.

- We currently submit the minutes to be posted on the WVBOLD website.
- We are currently working on putting the data base on line to a portion of the data base could be accessed for verification of active licenses.
- There needs to be a register of ALL active, inactive, lapsed, revoked, resigned, deceased dietitians, etc.
- There will also be a register of ALL current active and provisional dietitians.
- A member of IC&S will be contacted to assist in retrieving the needed reports from the Office Computer.

Contract Pricing – we must use contract pricing when it is available.

Storage of Old Records – there will be listings posted in the office as to what records are available.

Annual Reports – must be submitted electronically this year.

Posting of Agenda – Our agenda must be posted on the door for public access prior to the scheduled meeting. The agenda must contain substantial information so that the reader can tell what business will occur.

### **Old Business**

### **Discussion with Board of Medicine and/or Board of Pharmacy in regards to possible merger of office activities.**

Neither office is currently interested in taking on more responsibility in their office. They do not have the necessary staff available. Helen will continue to pursue this idea with other boards.

## **New Business**

### **End of Life Care**

A question was raised if End of Life Care should be a required CEU for all dietitians. This is in reference to Chapter 30.1.7.

This was reviewed and the Board came to the consensus that this requirement does not fall to the RD/LD level. This will not be required.

### **Issue of Pharmacist engaging in MNT**

The Pharmacist is allowed to discuss micronutrients. Helen will contact the Board of Pharmacy and ask them to review.

### **Beverly Glaze LN**

Beverly is a Licensed Nutritionist from the state of New Mexico. She is not a Licensed Dietitian in New Mexico but has passed her CDR exam. She was requesting reciprocity.

The board decided to defer any decision until all of her documentation has been submitted. If there are still questions concerning reciprocity then the Attorney Generals Office will be contacted for their input.

### **Speech Pathologist engaging in MNT**

The Board felt that the Speech Pathologist should only be engaging in the instruction of the various textures of foods and not the nutritional make-up – this would be considered Medical Nutrition Therapy for which their license does not cover. A response will be given to this question.

### **Teresa Stanley**

Thru a computer entry error, Teresa was mailed a lapse letter in error. She had spent \$5.55 to send a certified letter concerning this matter. Based on the accounting system, we are unable to refund her the postage money sent but the Board decided in good faith that we would send her \$5.55 in stamps to replace her expense.

### **Alise Pulliam – reinstatement application**

Motion to reinstate Alise: Motion made by Frank and seconded by Dee.

### **Wavior of Late Fees**

The Board voted to waive the late fees for Emma Ladd and Grace Gibson during the renewal period. Both had documentation where they had tried to renew on line.

### **Legible Signature**

An application was returned to Noelle Dodge for a legible signature.

### **Problems with email**

Helen was not able to open the email for 5 days because there were 4 long emails “stuck” in the system.

### **Email concern for domain for WVBOLD.us**

This was deemed unnecessary by Brian Hatcher at the State Office if IC & S.

## **Safety**

In case of Fire and the front door is blocked, the building manager said the exit is in the basement. Helen and Dee looked for the exit. The only door to the outside was locked with a padlock and had no emergency lighting. Helen will contact the Building Manager to remedy this situation.

## **Next Board Meeting Date**

"A meeting will be scheduled for the first of the year...as the Board will be in close contact at this period in completing the Annual Report. Two Rosters will be included, per Auditor's Workshop held in September 2007".

West Virginia Board of Licensed Dietitians

- (d) Upon application and submission of the applicable fee, the board may waive the examination requirements of this section and issue a license to practice as a licensed dietitian to an applicant who is registered by the commission on dietetic registration or who has been duly licensed as a nutritionist or dietitian under the laws of another state if the standards for licensing in that state are no less stringent than those required under of this article.
- (e) Any person applying for a dietitian license shall submit a fee of fifty dollars or a reasonable fee established by legislative rule pursuant to section six, article one of this chapter with the application to the board, which shall be deposited to the credit fund provided in section five of this article.

It was the opinion of Anthony Eates II that Ms. Glaze would need to comply with (1), (2) and (2b). The application does not provide proof that Ms. Glaze has met these requirements. She does not provide proof of professional experience nor an approved examination. Her examination appears only that for a licensed nutritionist. He also requested that a letter be drafted and sent to Ms. Glaze requesting additional evidence of the above items and that we were requesting this additional information under the advice of our attorney. Helen was to draft the letter and e-mail it to Anthony for his review and approval.

**Approval of Minutes:** Minutes from the meeting of 10/8/07 were approved  
Frank motioned to approve and Rick seconded.

Motion to accept Treasurer Report: Rick motioned to approve and Dee seconded.

Frank reported to the Board that the Annual Federal Tax Return was sent to John Smolder of the State Accountant's Office.

**Applications:**

Rachelle Harr's application was returned because it was not dated. It was approved pending receipt of the corrected copy.

**New Business**

**Annual Audit**

No report has been received from Betty at this time.

## **Dietitians requesting employment referrals**

When calls are received they will be referred to the West Virginia Dietetic Association web page for employment opportunities.

## **Changes to Renewal Process**

Helen will plan on picking up the applications from the lock box only 1 time per week to decrease unnecessary trips to the Board Office.

We will ask the applicants to list other names in which they may have been licensed.

## **RD Order Writing Privileges**

A request was made for the Board to make a statement about RD order writing privileges. Per The Joint Commission any RD may have order writing privileges as long they go thru the medical staff and receive specific approval. The Board has no jurisdiction over this matter. The matter was referred back to the requester.

## **Old Business**

## **Discussion with Board of Medicine and/or Board of Pharmacy in regards to possible merger of office activities.**

Motion to accept Treasurer Report: Rick motioned to approve and Dee seconded.

**Applications:**

The following dietitians have been approved via email vote since the last WVBOLD Board Meeting 2-28-08

*I will add the names here before the report gets forwarded to Lila*

Motion to accept the above applicants: Rick motioned to approve and Betty seconded.

**Renewal Applications:**

At the present time, we have received 159 applications for renewal and 9 requests to be moved to inactive status.

Motion to accept the applicants: Frank motioned to approve and Dee seconded.

Discussion was held concerning the legibility of signatures on the renewal forms. There were several that were completely illegible. It was determined that if this was the applicant’s legal signature, this was acceptable. It is recommended that on next years renewal application there be a space to print your name and then provide your signature.

It was decided to return Cindy Gay’s application because she did not provide a signature at all.

This year Helen has returned the CEU’s of those dietitians who had submitted them but it was not their year to do so. The board decided that this will be the last year they will be returned. Next year, if CEU’s are submitted and they are not due, they will be discarded. It will be up to the individual Licensed Dietitian to maintain his/her own copies.

**New Application:**

Laura Lemoine – request for a Provisional License.

Motion to accept the above applicant: Frank motioned to approve and Rick seconded.

## **New Business**

### **Person Seeking Licensure (Should we list her name? and if so Betty please spell it)**

Betty has been working with an individual –SK- who is a Certified Dietary Manager who has had advanced classes and is seeking recommendations on how she can advance her future. Betty has reviewed her transcripts and determined that she has taken the appropriate classes and could sit for the CDR exam and if she passes could then submit an application to become a Licensed Dietitian. SK has also asked about the possibility of applying to an internship program. Although she may meet the requirements, Betty is unable to sign off on her internship application because she did not attend classes at WVU. Several of her classes were distance classes at various institutions and she may have difficulty finding someone to sign off on her application. The board recommends that Betty notify her of her right to sit for the exam and become a Licensed Dietitian in WV. SK would need to submit this request in writing to the Board Office. The board also recommended that Betty explain that her Licensed Dietitian status would ONLY be good in WV. Also it was recommended to explain to her that although she may become licensed, many hospitals in WV would also require her to be an RD before they could hire her secondary to The Joint Commissions standards.

If SK submits her request, then Betty will contact CDR and determine what the next step is to setting her up to take the exam.

### **Lease Agreement**

The lease agreement is due and the monthly payments will remain the same: \$131.33.

### **CDR Official Stationary**

Helen provided an example of the newly revised letterhead of the CDR.

### **Travel**

Board members who are completing exclusive travel for board functions, i.e. coming to the office to review applications, traveling to purchase office supplies etc. will be reimbursed for their mileage at the current state rate.

### **Procedure for Retention of Electronic Information**

Helen received notification from the state that there have been instances in Federal Cases where all electronic information can be requested for specific cases. When Helen spoke with JOHN \_\_\_\_\_ ?? To gather additional information, he stated that no policy currently exists with the state but if a new policy is implemented, we will be notified.

### **Performance Evaluation and Research Division (Auditors Office)**

They have sent a survey out to all Boards, but Helen was unable to open the attachment. She is to forward to Frank to see if he can open it, and if not, she will contact the state information services department.

## **On-line Verification**

Helen contacted the Pharmacy Board to determine how they complete Primary Source Verification. They have on-line verification that is available for free. They do not consider this an Official Verification. If an individual or company needs official verification, they must submit the request to the Pharmacy Board and there is a \$10.00 fee for each individual verification requested

It is the goal of WVBOLD to have on-line verification available by 2010. Dee will begin working with Lila at the State Treasurers Office to determine the next steps necessary to implement this process.

## **Verizon – Computer Server Change**

Helen has been having some difficulty with the computer housed at her residence. Many times she is unable to open attachments and the system is extremely slow. She has talked to the state and they recommend changing to Verizon's service. Helen has submitted a request to do so. She will also ask them to put the computer at the board office on-line. This will be necessary to make on-line verification available.

## **Discussion with Board of Medicine and/or Board of Pharmacy in regards to possible merger of office activities.**

Neither office is currently interested in taking on more responsibility in their office. They do not have the necessary staff available. Helen is continuing to pursue this idea with other boards.

## **Election of Officers**

The Board has decided to maintain the current officer status.

Rick motioned to approve and Betty seconded.

## **Safety**

Frank reviewed the Standard of Participation in Risk Management. The Board of Risk to completing a survey on Loss Control. Our safety committee has the following policies and procedures as required by the Board of Risk:

- Carelessness in the Workplace
- Concealed Weapons
- Employment at Will
- Pregnancy Discrimination
- Sexual Harassment

Frank asked if all board members had taken the WV Driver Safety In-Service – yes

## **Safety In-service**

There is a new door at the exit in the basement. It has a panic bar. Currently there is no lighted exit sign, but construction is in progress in the basement. The exit door is located in the

alcove by the elevators. You turn right at the bottom of the steps and go straight into the alcove. The exit door is on your right.

## **COMPLAINTS, INVESTIGATIONS AND CLARIFICATIONS**

**2007 - 2008**

### **Formal Complaints in 2007-2008:**

None received however, dietitians continue to call the Board with questions regarding the Scope of Practice for dietitians and for pharmacists. A frequently asked question is in relationship to the acceptable duties of a Dietetic Technician. For this reason, it is included in various newsletters. Three calls were received with questions about allowable counseling in Wellness Centers. These were not formal complaints. The dietitians were encouraged to either submit a complaint if they believed the person counseling had exceeded the allowable duties – or – meet with the facility manager to apprise them of the WV Code – Chapter 30 – Professions and Occupations – Article 35. Two reported back to the Board that they had, indeed, talked with the manager/owner. As a result, counseling practices changed. Two calls were received from clients of Wellness Centers to ask if the person counseling was a qualified person. Upon verification of the name, the caller was informed that the person was not a licensed dietitian. The name of a local dietitian was given to the caller to discuss the specific questions/concerns.

A PERSON FROM TEXAS APPLIED FOR A LICENSE, STATING THE QUALIFICATIONS HAD BEEN MET, GAVE TWO DIFFERENT LAST NAMES ON CERTIFICATES AND SUPPLIED A NUMBER CERTIFYING HER TO PRACTICE DIETETICS IN TEXAS. A LETTER WAS SENT REQUESTING FURTHER CLARIFICATION, ENCLOSING THE WV CODE REGULATING THE PROFESSION. NO FURTHER CONTACT WAS MADE TO THE BOARD. A CALL REVEALED THAT THE PERSON HAD DECIDED NOT TO COME TO WV. THE BOARD WITHDREW HER APPLICATION AS THERE WAS NO FURTHER INFORMATION PROVIDED – THE INCOMPLETE INFORMATION MADE HER INELEGIBLE FOR LICENSURE.

## FREQUENTLY ASKED QUESTIONS

### **WHAT DUTIES CAN BE PERFORMED IN THE STATE OF WEST VIRGINIA BY A CERTIFIED DIETARY MANAGER?**

According to the Dietary Managers' Association website: A certified dietary manager (CDM, CFPP) has the education, training and experience to competently perform the responsibilities of a dietary manager and has proven this by passing a nationally-recognized credentialing exam and fulfilling the requirements needed to maintain certified status. On a regular basis, certified dietary managers perform the following nutritional service tasks:

- Interview patients/clients for diet history
- Conduct routine nutritional screening/assessment
- Calculate nutrient intake
- Implement diet plans
- Document nutrition information on patient's/client's medical records
- Counsel patients/clients on basic diet restrictions; specify standards and procedures for food preparation
- Evaluate effectiveness of nutrition care plans.

HOWEVER, in a state that has licensure for dietitians, SUCH AS WEST VIRGINIA, a Certified Dietary Manager must follow what is written in that particular state's law as well as the Rules and Regulations of the Dietary Managers Association. In the STATE OF WEST VIRGINIA, the LAW DEFINES what duties a licensed individual can perform. It also defines that these individuals are the legitimate source for providing Medical Nutrition Therapy. They can supervise others to do various tasks, such as those defined in the above definition of Certified Dietary Manager. HOWEVER, they cannot assign these tasks and fail to follow-up with these individuals with such duties as either developing the tools that these individuals use and/or sign off on their documentation. It is ultimately the responsibility of the licensed individual to be responsible for the medical nutritional care of the patient or client.

Frank Markun, RD, LD – Board Vice-Chairman and Treasurer

### **How long does it take, once the completed licensure packet is received, for an applicant to become a licensed dietitian?**

Once the application (following the guidelines on the application packet—MEANING COMPLETED IN ITS ENTIRETY) is received – including verification from any other state in which the applicant holds or has held a license, 5 – 10 working days. The WVBDL generally turns the application around within 24-36 hours.

### **What does a Provisional Permit mean?**

An applicant who has completed all required education and who is waiting to sit for the CDR Exam can ask for a Provisional Permit to practice dietetics in the State of West Virginia for a period not to exceed three years from the date of issuance.

### **How can one obtain his/her original licensure date?**

Above the licensee's name on the address label – the license number is on the left and the original date of licensure on the right.

### **How long can one hold "INACTIVE" status?**

For a period not to exceed three years following the Inactive Status date.

### **Can a third or fourth year dietetic student perform nutrition services in a nursing home without the signature of a licensed dietitian.?**

A third or fourth year dietetic student can perform nutrition services only as a part of the internship and requires the signature of a licensed dietitian.

### **WHY DID I NOT RECEIVE A NEWLETTER OR RENEWAL OF LICENSE INFORMATION?**

Perhaps you moved and did not notify the WVBDL of your address change. To change an address—Fax or e-mail the Board of the change. Remember to include any telephone, employment or e-mail change.

IT IS THE RESPONSIBILITY OF THE LICENSEE TO HAVE THE CURRENT INFORMATION IN YOUR LICENSURE FILE—JUST AS IT IS WITH THE WV DEPARTMENT OF MOTOR VEHICLES.—BOTH ARE STATE AGENCIES

TO: WV Licensed Dietitians:

**PLEASE READ THIS LETTER AND FORMS CAREFULLY!  
THE APPLICATION MUST BE COMPLETED IN ITS ENTIRETY UNCOMPLETED APPLICATION WILL  
BE RETURNED, CREATING A DELAY IN YOUR LICENSE AND COULD BE SUBJECT TO A LATE FEE**

Enclosed you will find an Annual Renewal License Application to practice dietetics in the State of West Virginia for the year 2008-2009 and a Continuing Professional Education Form.

Every licensed dietitian will receive a Continuing Professional Education (CEU) Form. Not every dietitian is scheduled for reporting CEUs in 2008. The law for CEU hours started July 1, 1999. Dietitians licensed in WV on that date fall into reporting on June 30, 2009, 2011, 2013, etc.

2000, has a schedule of 2008, 2010, 2012, etc.;	2001 has a schedule of 2009, 2011, 2013, etc.
2002 has a schedule of 2008, 2010, 2012, etc.;	2003 has a schedule of 2009, 2011, 1013, etc.
2004 has a schedule of 2008, 2010, 2012	2005 has a schedule of 2009, 2011, 2013, etc.;
2006 has a 2008, 2010, 1012 schedule	2007 has a schedule of 2009, 2011, 2013, etc.;
2008 has a 2010, 2012, 2014 schedule	

List ALL hour/units that apply for your two-year period on the enclose CEU form. Please List your hours in chronological order. If you are to obtain hours within the last two weeks of June 2008, please list and indicate as intended hours. Should you not complete the hours, it is YOUR responsibility to contact the Board. To do otherwise will render your license invalid and subject you to disciplinary action.

The Renewal License Application and (if applicable) a check for the appropriate fee and your Continuing Professional Education Form must be postmarked by June 20, 2008 to avoid a late fee. Remember your license to practice dietetics is to be displayed in your place of employment. Where dietitians are employed in multiple venues, notarized copies should be displayed.

There is NO grace period. Practicing without a license renders the dietitian subject to a fine and disciplinary action. A Change of address may prevent a dietitian from holding a valid license. WVBOLD uses every opportunity to remind dietitians to apprise the Board of any change to their licensure portfolio. This ensures that the licensee will receive all WVBOLD communications.

**ON-LINE RENEWAL IS ENCOURAGED.** Once processed by the E-Government of the WV Treasurer's Office and credit is given to WVBOLD, the Renewal application and CEU forms are picked up at the Treasurer's Office in Kanawha City, WV by Helen Lodge – Board Chairman. Helen checks Renewals for changes in name, membership status, address, telephone, fax, e-mail, work related information and scans the CEU form for any glaring omissions and inclusion dates. Notations are made of changes for reporting to the WV Legislature and to Dee Bartoe, WVBOLD Secretary. Dee gives a final check and enters any changes into the WVBOLD database, prints the individual license and mails it in the pre-labeled envelope. Your label contains your license number to the left of your name and the original date of licensure to the right of your name. Checks and balances are utilized throughout the process to ensure that no one is omitted.

If "postal mail" is the preferred renewal method, an envelope is enclosed for your convenience. The forms go to a dedicated U.S. Post Office Box, where the processing, as for on-line, is utilized.

Dee compiles a list of dietitians eligible for random auditing. Frank Markun facilitates the random selections through an independent company and notifies Betty Forbes. She sends a letter to those selected for auditing, requesting verification of reported CEUs. Upon receipt, she checks the reported hours for acceptance and verifies to the WVBOLD that all persons have completed the necessary CEUs. If the education does not meet the WVBOLD requirements, Betty contacts the person, for the purpose of correcting or clarifying the infraction. A summary of this and other information is reported to the WV Legislature in the Annual Report.

### **336 LICENSED DIETITIANS IN WV**

**A total of 336 dietitians renewed a license to practice dietetics in the State of West Virginia at the end of the Renewal process ON June 30, 2008 Of those: WV—236; Kentucky—10; Maryland—4; Ohio 35; Pennsylvania 20; South Dakota —1 and Virginia 29.**

**WVBOLD MISSION:** The West Virginia Board of Licensed Dietitians is a regulatory and disciplinary body. It is the sole authority for the issuance of licenses to practice dietetic in the State of West Virginia.

**OPERATIONS:** The purpose of the board is to protect the public interest through its licensure and professional discipline of dietitians and to provide a professional environment that encourages the delivery of quality nutritional information and medical nutrition therapy within the State of West Virginia.

The board is responsible for the following:

- Promoting a code of professional ethics.
- Maintaining a record of all proceedings of the board.
- Submitting a biennial report to the Governor describing the activities of the board.
- Setting minimum continuing education requirements and standards.
- Examination, licensure and renewal requirements of duly qualified applicants.
  - Conduct licensure examinations.
  - Issue and renew licenses and issue interim permits.
  - Impose and collect fees for the issuance and renewal of permits or licenses.
- Establish procedures and guidelines for the suspension or revocation of a license.
  - Suspend, revoke and reinstate licenses.
- Conduct hearings on licensing issues and any other matter within the jurisdiction of the board.

**2009 GOAL:** To review all files for accuracy, complete database and submit selected database information to the WV Treasurer's Office for ON-LINE Licensure Verification by the public. This will eliminate the need for the Board Chairman to search for each request (often 10-12 in one request) and will be available 24-7. At this time, there will be no charge for this service—as it has been the practice since the inception of the law governing the practice of dietetic in the State of West Virginia. It is rapidly becoming clear to the Board that administrative and secretarial services will need to be contracted therefore, dues may need to increase. This will be conveyed to the licensed dietitians prior to an increase.
